

Newham Directory of Religious Groups

About the Directory

The fourth edition of the Newham Directory of Religious Groups is the culmination of two years of research by staff of Aston-Mansfield Community Involvement Unit and considerable expanding and editing by Sally Medcalf of the CIU's Research team. It contains information on religious organisations of all faiths and denominations in the borough.

To allow us to make the Directory available to students and community groups, prices vary on a sliding scale depending on the nature of your organisation and include postage and packing.

To order copies, please complete and return the order form overleaf and return with a cheque payable to "The Community Involvement Unit"
