Dear applicant

Thank you for your interest in the Aston-Mansfield Seed Grant programme.

Seed Grants aim to support any activity that helps a group of people to get a new community group started or that assists an unfunded group to take an important step forward in its development. The grants target new-formed groups or groups who have never received grant funding, contracts or sponsorship.

Please remember that if you have received a grant from any other funder before, you cannot apply for a Seed Grant.

Before you complete the application form, please read the Guidance carefully.

We strongly recommend that you also seek assistance with completion of the Seed Grant application from one of the local organisations listed on page 5 of the Guidance.

When your application is ready, please submit it with your group's rules or constitution and a full list of all the names and addresses members of your management committee or steering group. My address is at the end of the application form. There is no deadline – we will process your application as quickly as we can.

Good luck with your application.
